BARRACUDA

TYPE:
**Roller
Banner**

INFO:

The Barracuda is our best selling roller banner. It's built to be used on multiple occasions and is far more durable than the lighter units. Its sturdy base makes it self standing and is available in a number of widths. We highly recommend this unit, particularly to shopping centres, airports, schools or anyone looking to use the unit a number of times. This unit is supplied with a carry case with shoulder strap.

DIMENSIONS:

Full graphic size:

800 (or 1000 / 1500 / 2000) x **2340mm**

Approximate visible size:

800 (or 1000 / 1500 / 2000) x **2140mm**

! DESIGN ARTWORK TO THE FULL GRAPHIC SIZE - ALTHOUGH DO NOT PUT ANYTHING APART FROM BACKGROUND COLOUR IN THE BOTTOM 200mm. SOME OF THIS WILL BE CONTAINED WITHIN THE BASE UNIT !

! IF DESIGNED AT FULL SIZE, CHECK PRINT QUALITY BY ZOOMING INTO PDF @ 100%. IF DESIGNED AT 50%, ZOOM INTO PDF @ 200% !

! ROLLER BANNERS ARE ALL INDOOR UNITS AND SHOULDN'T BE USED OUTDOORS. OUTDOOR BANNER DISPLAYS ARE AVAILABLE !

COSTS*	MATERIALS		
	PVC	Stoplight	Blackback
WIDTH 800mm	£136	£159	£170
WIDTH 1000mm	£159	£182	£193
WIDTH 1500mm	£213	-	£236
WIDTH 2000mm	£300	-	-

MATERIALS:

< PVC

A strong tear proof material with high resolution print quality. PVC does not need to be laminated and therefore does not tend to curl. In certain lighting conditions the light may shine through this material, showing a slight shadow of the supporting pole.

< STOPLIGHT

A strong tear proof material with high resolution print quality. This material is matt laminated to strengthen and protect the print surface. In certain temperatures the laminate can cause the graphic to curl slightly. This material has a backing on it to prevent any light from shining through.

< PREMIUM BLACKBACK

The best of both worlds, a PVC tear proof material with high resolution print. It does not need to be laminated and therefore does not tend to curl. It also has a backing to prevent any light from shining through the back.

SIGMA

TYPE:
**Roller
Banner**

INFO:

The Sigma roller banner combines the best features of all others... value for money, strength, weight and durability. It is ideal for long term and numerous uses, with rubber feet on the base making it sturdy and steadfast. It is supplied with a carry case, and also comes with a telescopic pole, making the height adjustable to fit your needs. When budget permits, this is our recommended first choice every time.

DIMENSIONS:

Full graphic size:

800 x 2300mm

Approximate visible size:

800 x 2100mm

! DESIGN ARTWORK TO THE FULL GRAPHIC SIZE - ALTHOUGH DO NOT PUT ANYTHING APART FROM BACKGROUND COLOUR IN THE BOTTOM 200mm. SOME OF THIS WILL BE CONTAINED WITHIN THE BASE UNIT !

! IF DESIGNED AT FULL SIZE, CHECK PRINT QUALITY BY ZOOMING INTO PDF @ 100%. IF DESIGNED AT 50%, ZOOM INTO PDF @ 200% !

! ROLLER BANNERS ARE ALL INDOOR UNITS AND SHOULDN'T BE USED OUTDOORS. OUTDOOR BANNER DISPLAYS ARE AVAILABLE !

COSTS*	MATERIALS		
	PVC	Stoptight	Blackback
WIDTH 800mm	£141	£165	£176

MATERIALS:

< PVC

A strong tear proof material with high resolution print quality. PVC does not need to be laminated and therefore does not tend to curl. In certain lighting conditions the light may shine through this material, showing a slight shadow of the supporting pole.

< STOPLIGHT

A strong tear proof material with high resolution print quality. This material is matt laminated to strengthen and protect the print surface. In certain temperatures the laminate can cause the graphic to curl slightly. This material has a backing on it to prevent any light from shining through.

< PREMIUM BLACKBACK

The best of both worlds, a PVC tear proof material with high resolution print. It does not need to be laminated and therefore does not tend to curl. It also has a backing to prevent any light from shining through the back.

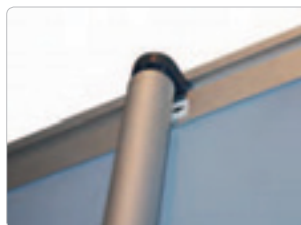

GENIE

TYPE:
**Roller
Banner**

INFO:

The Genie is a lightweight roller banner which is built for short term use. It has a lightweight roller / spring making it easy to transport. If looked after will last for years. This unit is supplied with a carry case with shoulder strap.

DIMENSIONS:

Full graphic size:

800 (or 1000) x 2200mm

Approximate visible size:

800 (or 1000) x 2000mm

ECO

TYPE:
**Roller
Banner**

INFO:

Much like the Genie, the Eco is a lightweight roller banner which is built for short term use. If well looked after this unit will last many uses. The Eco is the most compact unit we do making it easy to transport. It is supplied with a lightweight carry case with shoulder strap.

DIMENSIONS:

Full graphic size:

800 (or 1000) x 2210mm

Approximate visible size:

800 (or 1000) x 2010mm

! DESIGN ARTWORK TO THE FULL GRAPHIC SIZE - ALTHOUGH DO NOT PUT ANYTHING APART FROM BACKGROUND COLOUR IN THE BOTTOM 200mm. SOME OF THIS WILL BE CONTAINED WITHIN THE BASE UNIT !

! IF DESIGNED AT FULL SIZE, CHECK PRINT QUALITY BY ZOOMING INTO PDF @ 100%. IF DESIGNED AT 50%, ZOOM INTO PDF @ 200% !

! ROLLER BANNERS ARE ALL INDOOR UNITS AND SHOULDN'T BE USED OUTDOORS. OUTDOOR BANNER DISPLAYS ARE AVAILABLE !

COSTS*	MATERIALS		
	PVC	Stoplight	Blackback
WIDTH 800mm	£85	£105	£115
WIDTH 1000mm	£115	£135	£145

MATERIALS:

< PVC

A strong tear proof material with high resolution print quality. PVC does not need to be laminated and therefore does not tend to curl. In certain lighting conditions the light may shine through this material, showing a slight shadow of the supporting pole.

< STOPLIGHT

A strong tear proof material with high resolution print quality. This material is matt laminated to strengthen and protect the print surface. In certain temperatures the laminate can cause the graphic to curl slightly. This material has a backing on it to prevent any light from shining through.

< PREMIUM BLACKBACK

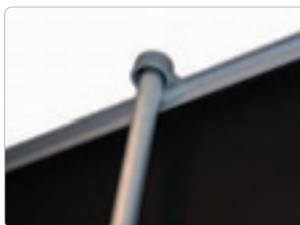

The best of both worlds, a PVC tear proof material with high resolution print. It does not need to be laminated and therefore does not tend to curl. It also has a backing to prevent any light from shining through the back.

IMAGINE

TYPE:
**Cassette
Roller
Banner**

INFO:

The Imagine is a well built cassette roller banner. This means the graphic can be swapped over so you don't have to order a complete unit every time your campaign changes. This works out very cost effective if you will be changing the graphics on a regular basis. It's extremely easy to replace the graphic, a new cassette simply slots in to the base. It is supplied with a carry case with shoulder strap.

DIMENSIONS:

Full graphic size:

800 (or 1000) x **2340mm**

Approximate visible size:

800 (or 1000) x **2140mm**

! DESIGN ARTWORK TO THE FULL GRAPHIC SIZE - ALTHOUGH DO NOT PUT ANYTHING APART FROM BACKGROUND COLOUR IN THE BOTTOM 200mm. SOME OF THIS WILL BE CONTAINED WITHIN THE BASE UNIT !

INITIAL UNIT 1000mm	£207	£230	£242
NEW CASSETTE 800mm	£110	£132	£144
NEW CASSETTE 1000mm	£129	£152	£163

MATERIALS:

< PVC

A strong tear proof material with high resolution print quality. PVC does not need to be laminated and therefore does not tend to curl. In certain lighting conditions the light may shine through this material, showing a slight shadow of the supporting pole.

< STOPLIGHT

A strong tear proof material with high resolution print quality. This material is matt laminated to strengthen and protect the print surface. In certain temperatures the laminate can cause the graphic to curl slightly. This material has a backing on it to prevent any light from shining through.

< PREMIUM BLACKBACK

The best of both worlds, a PVC tear proof material with high resolution print. It does not need to be laminated and therefore does not tend to curl. It also has a backing to prevent any light from shining through the back.

BLIZZARD

TYPE:
**Outdoor
Banner**

INFO:

Our outdoor banner is 800mm x 2000mm. It's base holds either water or sand to weigh it down.

You can replace the graphic whenever you like, which makes the Blizzard a cost effective outdoor display system. The graphic poles and hooks are also flexible, so they can be adjusted to fit a number of graphic sizes.

COSTS*:

**Graphic size:
800 x 2000mm**

**! IF DESIGNED AT FULL SIZE, CHECK
PRINT QUALITY BY ZOOMING INTO
PDF @ 100%. IF DESIGNED AT 50%,
ZOOM INTO PDF @ 200% !**

↓ MATERIAL	FULL SYSTEM PRICE	NEW GRAPHIC (EACH)
PVC	£150	£80
MESH	£160	£90

MATERIALS:

PVC

A strong tear proof material with high resolution print quality. PVC does not need to be laminated and therefore does not tend to curl. In certain lighting conditions the light may shine through this material, showing a slight shadow of the supporting pole.

Mesh

The mesh is a type of PVC. The advantage of the mesh is that it's covered with small holes allowing wind to blow right through. In certain lighting conditions the holes can cause the graphic quality to appear not quite as vibrant as on the standard PVC.

Tel: 01480 492111
Email: sales@bigprinting.co.uk
Web: www.bigprinting.co.uk

*Prices are all based on artwork supplied in CMYK PDF with 3mm bleed and crop marks. If you require any help with the artwork please do not hesitate to call our design team on 01480 492164. Prices all exclude delivery and VAT. Delivery is generally charged at £15 per 15kgs to one UK address.

IMPACT

TYPE:
Pop-Up
Display

INFO:

Pop-ups are an ideal way to create a large seamless graphic display in minutes. Each full system is supplied in sections. The stand folds down and fits into a carry case with components as shown.

Graphics are printed on a 380mic stoplight material with a 75mic matt laminate applied to face. Please note that around only 30% of the end panels that curve around to the back will be visible from the front.

AERO

TYPE:
**Modular
Display
Stand**

INFO:

If you're looking for a large backdrop for an exhibition the Aero is perfect. Made up of as little as 1m sections the graphics roll out from the top with 2 graphic height options. Once the initial kit is purchased, new graphic cassettes can be produced for any new campaigns. Each graphic is printed on PVC.

COSTS*:

SMALL: **990 x 2320mm** LARGE: **1490 x 2320mm**

! DESIGN ARTWORK TO THE FULL GRAPHIC SIZE - ALTHOUGH DO NOT PUT ANYTHING APART FROM BACKGROUND COLOUR IN THE TOP 200mm OR BOTTOM 110mm. SOME OF THIS WILL BE CONTAINED WITHIN THE UNIT !

FLEX

TYPE:
Signage

INFO:

Our outdoor Flex displays is a high performance external sign. Supplied with printed white aluminium panel and separate base unit within the price. The graphic is printed using UV curable inks meaning it won't fade in the sunlight and the recyclable base provides excellent stability.

DIMENSIONS:

Full graphic size:

850 x 460mm

Approximate visible size:

785 x 460mm

! DESIGN ARTWORK TO THE FULL GRAPHIC SIZE - ALTHOUGH DO NOT PUT ANYTHING APART FROM BACKGROUND COLOUR IN THE BOTTOM 65mm. SOME OF THIS WILL BE CONTAINED WITHIN THE UNIT !

COST:*

£90

SWINGER

TYPE:
Signage

INFO:

The Swinger is another good outdoor choice for display. It's soft round styling and low centre of gravity ensure a high health and safety rating. Much like the flex it's supplied with a double sided printed graphic. The panel is printed using UV curable inks meaning it won't fade in the sunlight. Again, it's fully recyclable.
